

Molecular and Engineer are exposed symbolic presentations without bonding. Displayed and Skeletal are structural presentations with bonding. Molecular vs Empirical - A ctual ration - Lowest whole of atoms in number ratio la single molecule of atoms in a - Derived from weight glerentages - Derived from jornula Imass Displayed - Shows relative 13 Skeletel - Simplyied organic jornula Showing carbon skeleton position of atoms and the bonds and functional groups between them a) CH4 CH4 H- C- N b) C6414 C3 H7 M-( H H H H H H H-C-C-C-C-C-H
